

SUNNAH REMEDIES ACADEMY

ICON LIBRARY SYSTEM

I. THE DESIGN LANGUAGE: “SACRED PRECISION”

The Sunnah Remedies Academy Icon Library operates on a single governing principle: **Sacred Precision** — the visual marriage of Islamic geometric tradition with modern clinical exactitude. Every icon communicates both spiritual authority and medical rigor.

II. FOUNDATIONAL SPECIFICATIONS

A. Grid System

- Base Grid:** 24×24 px (scalable to 48×48 , 96×96 , 192×192)
- Keyline Grid:** 2px safe zone from all edges
- Live Area:** 20×20 px
- Pixel Grid:** All strokes and anchors snap to whole pixels at 24×24 scale

B. Stroke Architecture

Property	Specification	Rationale
Primary Stroke	2.0px	Dominant outlines, structural elements
Secondary Stroke	1.5px	Internal details, secondary features
Tertiary Stroke	1.0px	Fine details, indicators, accents
Hairline	0.5px	Only for 48×48 + scales; never at 24×24

C. Corner Radius System

Element Type	Radius	Application
Structural	0px (sharp)	Containers, frames, geometric bases
Organic	2px	Anatomical elements, natural forms
Interactive	3px	Buttons, toggles, UI elements
Soft	4px	Educational elements, human-centric icons

D. Proportional Rules

- Golden Ratio Modulation:** Primary elements occupy $1.0 \times$; secondary elements $0.618 \times$

- **Negative Space:** Minimum 2px between parallel strokes; 1.5px minimum between intersecting elements
- **Visual Weight:** All icons must occupy equal optical weight when viewed at same size
- **Symmetry:** Islamic geometric tradition demands bilateral or radial symmetry where contextually appropriate; clinical elements may break symmetry for functional clarity

E. Spacing & Alignment

- **Internal Padding:** 2px minimum from live area edge
- **Element Spacing:** 2px–4px between distinct icon components
- **Alignment:** Center-weighted with optical correction; never mathematically centered if it creates visual imbalance

6. **Detail Layer:** Add 1.5px and 1.0px secondary elements
7. **Optical Balance:** Test at 100%, 50%, and 200% scale
8. **Monochrome Test:** Verify clarity in pure black on white
9. **Color Test:** Apply Deep Emerald and Gold Accent

VII. EXCLUSIVITY & ASSET PROTECTION

These icons are **proprietary intellectual property** of Sunnah Remedies Academy. They are not to be:

- Used by competing Islamic wellness or medical education brands
- Sold or distributed as stock icons
