

# THE SUNNAH REMEDIES ACADEMY DESIGN BIBLE

## The Constitution for Every Future Sunnah Remedies Project

**Document Classification:** SACRED — Master Reference Document **Version:** 1.0 **Effective Date:** 2026 **Authority:** Sunnah Remedies Academy Board of Directors **Review Cycle:** Annual **Supersedes:** All previous design guidelines

### TABLE OF CONTENTS

1. Preamble & Design Philosophy
2. The Fifteen Pillars of Sunnah Design
3. Master Design System Reference
4. Cross-System Integration Rules
5. Mandatory Pre-Release Checklist
6. Enforcement & Compliance
7. Appendix: Quick Reference Cards

## 1. PREAMBLE & DESIGN PHILOSOPHY

### 1.1 The Sacred Covenant

This Design Bible is not merely a style guide. It is a **sacred covenant** between the Sunnah Remedies Academy and every creator, designer, educator, and contributor who produces content in our name. It exists to ensure that everything bearing the Sunnah Remedies name carries the same weight, dignity, and unmistakable identity as the Prophetic traditions we teach.

### 1.2 Core Design Philosophy

Sunnah Remedies Academy exists at the intersection of three sacred principles:

1. **Islamic Authenticity** — Every visual element must honour the Prophetic tradition and Islamic scholarly heritage
2. **Medical Excellence** — Every design must communicate clinical precision, evidence-based practice, and professional healthcare standards
3. **Luxurious Dignity** — Every output must feel like a premium academy product, worthy of the knowledge it carries

### 1.3 The Unmistakable Standard

Regardless of who creates future content — whether a founding designer, a new hire, a freelance contractor, or an international partner — every output must be **unmistakably and exclusively Sunnah Remedies Academy**. There must be zero ambiguity. The moment someone sees any Sunnah Remedies material, they must recognise it instantly, trust it implicitly, and respect it deeply.

## 1.4 Design Values Hierarchy

### Primary Values (Non-Negotiable):

- Islamic integrity and respect
- Medical accuracy and professionalism
- Visual consistency and recognisability
- Premium quality and luxury feel
- Accessibility and inclusivity

### Secondary Values (Important but Flexible):

- Innovation within boundaries
- Cultural adaptation for local markets
- Trend awareness (without trend-following)
- Cost efficiency (without quality compromise)

### Prohibited Values (Never Acceptable):

- Cultural appropriation or misrepresentation
- Medical inaccuracy or misleading claims
- Amateur or unprofessional appearance
- Inconsistency with established identity
- Dilution of brand sacredness

---

## 2. THE FIFTEEN PILLARS OF SUNNAH DESIGN

The Sunnah Remedies Academy design ecosystem rests upon **Fifteen Sacred Pillars**. Each pillar is a complete design system with its own detailed documentation. This Bible references each pillar and establishes the integration rules between them.

---

### PILLAR I: THE BRAND BIBLE

**Document:** SUNNAH REMEDIES ACADEMY BRAND BIBLE **Status:** PRIMARY — Foundation of All Identity

**Core Mandate:** The Brand Bible defines the spiritual, ethical, and commercial identity of Sunnah Remedies Academy. It is the source document from which all other design systems derive their authority.

#### Key References:

- Mission, Vision, and Values statements
- Brand voice and tone guidelines
- Core messaging framework
- Brand story and narrative architecture

- Ethical boundaries and content prohibitions
- Competitive positioning and differentiation
- Brand promise and experience principles

**Integration Rule:**

**ALL other pillars must align with the Brand Bible. No design decision may contradict the Brand Bible's values, voice, or positioning. The Brand Bible is the supreme authority in all identity matters.**

**Compliance Check:**

- Does this output reflect the Academy's mission of "Reviving Prophetic Medicine with scholarly rigour and clinical excellence"?
- Does the tone match the defined brand voice (scholarly yet accessible, dignified yet warm)?
- Are there any ethical violations or prohibited content?
- Does the messaging align with competitive positioning?

---

## **PILLAR II: VISUAL IDENTITY SYSTEM**

**Document:** SUNNAH REMEDIES ACADEMY VISUAL IDENTITY SYSTEM **Status:** PRIMARY  
— Visual Foundation

**Core Mandate:** The Visual Identity System defines the visual DNA of the Academy — the elements that make Sunnah Remedies instantly recognisable at a glance.

**Key References:**

- Primary and secondary logo usage (with sacred geometry proportions)
- Logo clear space and minimum size rules
- Logo colour variations and prohibited treatments
- Brand mark and symbol usage
- Sub-brand architecture and naming conventions
- Visual identity applications (print, digital, environmental)
- Incorrect logo usage examples (with consequences)

**Integration Rule:**

**The logo and brand marks may NEVER be altered, distorted, recoloured outside approved palettes, or placed in compromising contexts. The sacred geometry proportions (based on Islamic geometric principles) are mathematically fixed and may not be approximated.**

**Compliance Check:**

- Is the logo used in an approved version?
- Are sacred geometry proportions maintained?

- Is clear space respected?
  - Is the logo placed on an approved background?
  - Are there any prohibited treatments (stretched, recoloured, rotated, etc.)?
- 

## PILLAR III: EDUCATIONAL STANDARDS

**Document:** SUNNAH REMEDIES ACADEMY EDUCATIONAL STANDARDS **Status:** PRIMARY  
— Academic Authority

**Core Mandate:** The Educational Standards define how knowledge is structured, presented, and assessed within the Academy. They ensure that every course, module, and lesson meets the highest standards of Islamic scholarship and medical education.

### Key References:

- Curriculum architecture and learning pathways
- Content hierarchy and information architecture
- Scholarly citation standards (Islamic and medical)
- Evidence grading system
- Instructor qualification requirements
- Student learning outcome frameworks
- Accreditation and recognition standards
- Content review and approval workflows

### Integration Rule:

**All educational content must pass through the Educational Standards review before any design work begins. Design serves education; education does not serve design. The scholarly rigour of the content determines the visual treatment, never the reverse.**

### Compliance Check:

- Has the content been reviewed by qualified scholars and medical professionals?
  - Are all citations properly formatted and verified?
  - Does the content meet the Academy's evidence grading requirements?
  - Is the learning outcome framework clearly articulated?
  - Are instructor credentials verified and displayed?
- 

## PILLAR IV: SLIDE SYSTEM

**Document:** SUNNAH REMEDIES ACADEMY PRESENTATION SYSTEM **Status:** SECONDARY  
— Primary Teaching Tool

**Core Mandate:** The Slide System defines the complete presentation architecture for all Academy teaching materials. It ensures that every slide, deck, and visual aid maintains the same premium quality and educational effectiveness.

**Key References:**

- Master slide templates (16:9, 4:3, and custom ratios)
- Title slide architecture and hierarchy
- Content slide layouts (text, image, data, mixed)
- Transition and animation standards (subtle, purposeful only)
- Speaker notes and handout templates
- Slide numbering and footer conventions
- Q&A and interactive slide formats
- End slide and call-to-action standards

**Integration Rule:**

**All presentations must use the master templates. Custom layouts may be created but must be approved by the Design Authority and added to the master template library. No presentation may use non-approved fonts, colours, or graphic elements.**

**Compliance Check:**

- Is the presentation built on an approved master template?
- Are all fonts from the approved typography system?
- Are all colours from the approved colour system?
- Are animations purposeful and subtle (not decorative)?
- Is the slide hierarchy clear and educationally effective?
- Are all images from the approved photography/illustration libraries?

---

## **PILLAR V: ILLUSTRATION SYSTEM**

**Document:** SUNNAH REMEDIES ACADEMY MEDICAL ILLUSTRATION SYSTEM **Status:** SECONDARY — Visual Explanation Authority

**Core Mandate:** The Illustration System defines the complete visual language for medical, anatomical, and instructional illustrations. It ensures that every diagram, chart, and explanatory visual is accurate, beautiful, and unmistakably Sunnah Remedies.

**Key References:**

- Anatomical illustration style (medical textbook meets luxury editorial)
- Hijama point mapping conventions
- Herbal and natural remedy visual standards
- Prophetic medicine practice illustrations

- Process and procedure diagrams
- Infographic and data visualisation standards
- 3D and cross-section conventions
- Labelling and annotation standards

**Integration Rule:**

**All illustrations must be created by or approved by the Medical Illustration Authority. Anatomical accuracy is non-negotiable. Artistic style must maintain the Sunnah Remedies luxury aesthetic while serving educational clarity. No stock illustrations may be used without explicit approval.**

**Compliance Check:**

- Is the illustration anatomically accurate?
- Does it follow the approved illustration style?
- Are labels and annotations clear and consistent?
- Is the educational purpose served effectively?
- Does it meet the luxury aesthetic standard?
- Has it been reviewed by medical professionals?

---

## **PILLAR VI: PHOTOGRAPHY GUIDE**

**Document:** SUNNAH REMEDIES ACADEMY PHOTOGRAPHY STYLE GUIDE **Status:** SECONDARY — Visual Authenticity

**Core Mandate:** The Photography Guide defines the complete visual language for all photographic content. It ensures that every photograph — whether of practitioners, students, herbs, or clinical environments — carries the Sunnah Remedies signature look.

**Key References:**

- Lighting standards (natural, warm, dignified)
- Composition rules (Islamic geometric principles applied)
- Colour grading and post-processing standards
- Subject matter guidelines and prohibitions
- Model and patient photography ethics
- Product and herb photography standards
- Environmental and clinic photography
- Event and graduation photography
- AI image generation prompt standards

**Integration Rule:**

All photographs must follow the approved style. No photographs may be used that violate Islamic ethics (improper dress, mixed gender scenarios without justification, etc.). All photographs of people require signed consent. All AI-generated images must use approved prompt templates.

Compliance Check:

- Does the photograph follow the lighting standards?
- Is the composition aligned with Islamic geometric principles?
- Is the colour grading consistent with the approved look?
- Are there any ethical violations in subject matter?
- Do all people shown have signed consent?
- If AI-generated, were approved prompts used?

PILLAR VII: COLOUR SYSTEM

**Document:** SUNNAH REMEDIES ACADEMY COLOUR SYSTEM **Status:** PRIMARY — Visual DNA

**Core Mandate:** The Colour System defines the complete palette architecture for all Sunnah Remedies materials. It ensures that every colour choice reinforces the Academy’s identity and creates the desired emotional response.

Key References:

- Primary palette (Sacred Gold, Deep Teal, Warm Sand, etc.)
- Secondary palette (complementary and accent colours)
- Neutral palette (backgrounds, text, structural elements)
- Functional colours (alerts, successes, warnings, information)
- Colour accessibility standards (WCAG compliance)
- Colour psychology and Islamic symbolism
- Print vs. digital colour specifications (Pantone, CMYK, RGB, HEX)
- Gradient and overlay standards
- Colour prohibition list

Integration Rule:

Colours may ONLY be used from the approved palette. No exceptions. The primary colours carry sacred significance and must be used with intention. The functional colours are for UI/UX purposes only and must not be used for branding. Colour combinations must maintain accessibility standards.

Compliance Check:

- Are all colours from the approved palette?
- Is the colour combination accessible (WCAG AA minimum)?

- Are primary colours used with appropriate intention and prominence?
- Are functional colours used only for their designated purposes?
- Are print specifications correct for the output medium?
- Are there any prohibited colour combinations?

---

## PILLAR VIII: TYPOGRAPHY SYSTEM

**Document:** SUNNAH REMEDIES ACADEMY TYPOGRAPHY SYSTEM **Status:** PRIMARY — Verbal Visual Identity

**Core Mandate:** The Typography System defines the complete font architecture for all Sunnah Remedies materials. It ensures that every word — whether in Arabic, English, or any other language — is presented with the same dignity and clarity.

**Key References:**

- Primary typeface (elegant, scholarly, premium)
- Secondary typeface (clean, modern, readable)
- Arabic typeface (classical, legible, beautiful)
- Type scale and hierarchy (headings, subheadings, body, captions)
- Line spacing and paragraph standards
- Text alignment and justification rules
- Special typography (quotes, citations, Arabic text, numbers)
- Web font loading and performance standards
- Typography prohibitions (comic sans, decorative fonts, etc.)

**Integration Rule:**

Only approved typefaces may be used. The type scale must be followed exactly. Arabic text must use the approved Arabic typeface and follow Islamic calligraphy conventions for hierarchy. Typography must serve readability first, beauty second, but both are mandatory.

**Compliance Check:**

- Are all fonts from the approved typeface library?
- Is the type scale followed exactly?
- Is the hierarchy clear and educationally effective?
- Is Arabic text using the approved typeface?
- Is line spacing appropriate for the medium?
- Are there any prohibited fonts or treatments?

## PILLAR IX: ICON LIBRARY

**Document:** SUNNAH REMEDIES ACADEMY ICON LIBRARY **Status:** SECONDARY — Visual Language

**Core Mandate:** The Icon Library defines the complete collection of icons, symbols, and visual markers used across all Sunnah Remedies materials. It ensures that every icon is consistent, meaningful, and unmistakably ours.

### Key References:

- Core icon set (navigation, actions, status, categories)
- Medical and Hijama-specific icons
- Islamic and scholarly icons
- Icon style standards (line weight, corner radius, proportions)
- Icon sizing and scaling rules
- Icon colour application standards
- Icon animation standards (for digital)
- Icon creation and approval process
- Prohibited icon sources and styles

### Integration Rule:

**Only icons from the approved library may be used. New icons must be created following the style standards and approved before use. No stock icons, emojis, or generic symbol sets may be used without explicit approval. Icons must maintain the same luxury aesthetic as all other elements.**

### Compliance Check:

- Are all icons from the approved library?
- Do they follow the style standards (line weight, proportions)?
- Are they sized appropriately for their context?
- Are they coloured according to the Colour System?
- Do they carry appropriate meaning for their use?
- Are there any prohibited icon sources?

---

## PILLAR X: WORKBOOK STANDARDS

**Document:** SUNNAH REMEDIES ACADEMY WORKBOOK SYSTEM **Status:** SECONDARY — Student Experience

**Core Mandate:** The Workbook Standards define the complete design architecture for all student workbooks, journals, and interactive learning materials. They ensure that every workbook is beautiful, functional, and educationally transformative.

### Key References:

- Workbook cover design standards
- Page layout and grid systems
- Exercise and activity formats
- Note-taking and reflection spaces
- Progress tracking and checklist designs
- Binding and production standards
- Digital workbook standards (interactive PDFs, apps)
- Workbook series consistency rules
- Student personalisation options

#### Integration Rule:

**All workbooks must use the approved templates and grid systems. The balance between content and white space must follow the luxury editorial standard. Every workbook must be designed to be kept for life, not discarded after use. Production quality must match the premium positioning.**

#### Compliance Check:

- Is the workbook built on approved templates?
- Does the layout follow the grid system?
- Is the balance of content and white space appropriate?
- Are exercise formats educationally effective?
- Is the production quality premium?
- Is the binding appropriate for the intended use?
- Does it feel like a keepsake, not a disposable handout?

---

## PILLAR XI: ASSESSMENT STANDARDS

**Document:** SUNNAH REMEDIES ACADEMY ASSESSMENT FRAMEWORK **Status:** SECONDARY — Academic Integrity

**Core Mandate:** The Assessment Standards define the complete design and content architecture for all student assessments, exams, and evaluations. They ensure that every assessment is fair, rigorous, beautifully presented, and aligned with international healthcare education standards.

#### Key References:

- Assessment paper design and layout
- Question formatting standards (multiple choice, essay, practical)
- Marking scheme and rubric designs
- Time and instruction formatting
- Security and anti-cheating design elements

- Digital assessment platform standards
- Results and feedback presentation
- Reassessment and appeal document standards
- International standard alignment (CME, CPD, etc.)

**Integration Rule:**

**All assessments must follow the approved formats. The design must not give clues to answers. The presentation must reduce anxiety, not increase it. Security features must be present but unobtrusive. International standards must be met for all accredited assessments.**

**Compliance Check:**

- Is the assessment format approved?
- Are questions formatted according to standards?
- Are security features present?
- Is the layout anxiety-reducing?
- Are international standards met?
- Are marking rubrics clear and fair?
- Is the feedback format constructive?

---

## **PILLAR XII: CERTIFICATE STANDARDS**

**Document:** SUNNAH REMEDIES ACADEMY CERTIFICATION SYSTEM **Status:** SECONDARY  
— Credential Authority

**Core Mandate:** The Certificate Standards define the complete design and security architecture for all Academy certificates, diplomas, and credentials. They ensure that every certificate is prestigious, secure, and worthy of the achievement it represents.

**Key References:**

- Certificate layout and composition
- Typography and hierarchy on certificates
- Security features (watermarks, holograms, serial numbers)
- Signature and seal placement
- Digital certificate standards (blockchain, verification)
- Transcript and credential wallet designs
- Certificate paper and production standards
- Reissue and replacement protocols
- International recognition design elements

**Integration Rule:**

**All certificates must feel like awards from a prestigious academy. Security features must be present but elegant. The certificate must be worthy of framing. Digital certificates must be verifiable and shareable. Every certificate must reinforce the value of the credential.**

**Compliance Check:**

- Does the certificate feel prestigious?
- Are security features present and elegant?
- Is the typography hierarchical and beautiful?
- Is the paper/production quality premium?
- Are digital certificates verifiable?
- Is the credential wallet design user-friendly?
- Does it feel worthy of framing and display?

**PILLAR XIII: COPYRIGHT STANDARDS**

**Document:** SUNNAH REMEDIES ACADEMY INTELLECTUAL PROPERTY PROTECTION BLUEPRINT **Status:** PRIMARY — Legal Protection

**Core Mandate:** The Copyright Standards define the complete intellectual property protection framework for all Sunnah Remedies materials. They ensure that the Academy’s content, designs, and methodologies are legally protected and properly attributed.

**Key References:**

- Copyright notice standards and placement
- Trademark usage and protection rules
- Content licensing and usage rights
- Attribution requirements for third-party content
- Open source and fair use guidelines
- Digital rights management (DRM) standards
- Infringement detection and response protocols
- International copyright compliance
- Creator and contributor agreements

**Integration Rule:**

**All materials must carry appropriate copyright notices. All third-party content must be properly licensed and attributed. The Academy’s trademarks must be protected in all jurisdictions. No content may be used without proper authorisation. Infringement must be detected and addressed promptly.**

**Compliance Check:**

- Is the copyright notice present and correct?

- Are all trademarks properly marked and protected?
  - Is all third-party content properly licensed?
  - Are attributions complete and accurate?
  - Are DRM measures appropriate for the medium?
  - Is international compliance maintained?
  - Are creator agreements in place?
- 

## PILLAR XIV: WATERMARK STANDARDS

**Document:** SUNNAH REMEDIES ACADEMY WATERMARK AND PROTECTION SYSTEM **Status:** SECONDARY — Content Security

**Core Mandate:** The Watermark Standards define the complete watermarking and content protection system for all Sunnah Remedies digital and printed materials. They ensure that unauthorised distribution is deterred and that all materials remain traceable to their source.

### Key References:

- Digital watermark standards (visible and invisible)
- Print watermark standards
- Document fingerprinting and traceability
- Social media watermark standards
- Video and audio watermark standards
- Watermark design and placement rules
- Watermark intensity and opacity standards
- Removal detection and response
- Student and instructor watermark protocols

### Integration Rule:

**All digital materials must carry appropriate watermarks. Watermarks must be visible enough to deter theft but subtle enough not to interfere with learning. Print watermarks must be elegant. Every document must be traceable to its original recipient. Social media watermarks must be prominent.**

### Compliance Check:

- Is the watermark present and correctly designed?
- Is the opacity appropriate for the medium?
- Is the placement non-intrusive to learning?
- Is the document traceable to its source?
- Are social media watermarks prominent?
- Is removal detection possible?

- Are student/instructor protocols followed?
- 

## PILLAR XV: DOCUMENT TEMPLATES

**Document:** SUNNAH REMEDIES ACADEMY DOCUMENT TEMPLATE SYSTEM **Status:** SECONDARY — Operational Consistency

**Core Mandate:** The Document Templates define the complete template library for all operational, administrative, and communications documents. They ensure that every letter, form, report, and memo carries the Sunnah Remedies identity.

### Key References:

- Letterhead and correspondence templates
- Form and application templates
- Report and proposal templates
- Memo and internal communication templates
- Email template standards
- Contract and legal document templates
- Invoice and financial document templates
- Meeting and event document templates
- Template customisation and approval process

### Integration Rule:

**All documents must use the approved templates. Customisation is permitted within defined boundaries. All documents must carry the correct letterhead, footer, and contact information. Digital documents must be accessible and follow the typography and colour systems.**

### Compliance Check:

- Is the document using an approved template?
  - Is the letterhead correct and current?
  - Are contact details accurate?
  - Does it follow typography and colour systems?
  - Is the layout professional and readable?
  - Is the document accessible (digital)?
  - Has customisation been approved if outside boundaries?
-

### 3. MASTER DESIGN SYSTEM REFERENCE

#### 3.1 System Hierarchy

### 3.2 Cross-System Dependencies

| System                | Depends On                                                                                  | Is Depended By                                                                |
|-----------------------|---------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------|
| Brand Bible           | —                                                                                           | ALL systems                                                                   |
| Visual Identity       | Brand Bible                                                                                 | Colour, Typography, Icon, Photography, Slide, Workbook, Certificate, Document |
| Educational Standards | Brand Bible                                                                                 | Slide, Illustration, Workbook, Assessment, Certificate                        |
| Colour System         | Visual Identity, Brand Bible                                                                | ALL visual systems                                                            |
| Typography            | Visual Identity, Brand Bible                                                                | ALL text-bearing systems                                                      |
| Icon Library          | Visual Identity, Colour System, Brand Bible                                                 | Slide, Workbook, Assessment, Document                                         |
| Photography           | Visual Identity, Colour System, Brand Bible                                                 | Slide, Workbook, Certificate, Document                                        |
| Slide System          | Visual Identity, Colour, Typography, Icon, Photography, Illustration, Educational Standards | —                                                                             |
| Illustration          | Visual Identity, Colour, Educational Standards, Brand Bible                                 | Slide, Workbook, Assessment                                                   |
| Workbook              | Visual Identity, Colour, Typography, Icon, Photography, Illustration, Educational Standards | —                                                                             |
| Assessment            | Visual Identity, Colour, Typography, Educational Standards, Brand Bible                     | —                                                                             |
| Certificate           | Visual Identity, Colour, Typography, Photography, Educational Standards, Brand Bible        | —                                                                             |

Table 1 – continued

| System             | Depends On                                          | Is Depended By            |
|--------------------|-----------------------------------------------------|---------------------------|
| Copyright          | Brand Bible                                         | ALL systems               |

| Document Templates | Visual Identity, Colour,<br>Typography, Brand Bible | —                         |

### 3.3 Design Authority Structure

#### Level 1: Supreme Authority

- Brand Bible Committee (reviews all strategic identity decisions)
- Educational Standards Board (reviews all academic content)
- Legal & Copyright Council (reviews all IP matters)

#### Level 2: Design Authority

- Chief Design Officer (approves all design deviations and custom work)
- Medical Illustration Authority (approves all anatomical and medical visuals)
- Photography Authority (approves all photographic content)
- Typography Authority (approves all font and text treatments)

#### Level 3: Operational Authority

- Course Design Managers (approve course-specific materials)
- Marketing Design Leads (approve marketing and promotional materials)
- Document Standards Officers (approve operational documents)
- Digital Experience Leads (approve web and app materials)

#### Level 4: Creator Authority

- All designers, educators, and content creators must follow the Design Bible
- Deviations require written approval from Level 2 or 3 authority
- No creator may override the Brand Bible or Educational Standards

## 4. CROSS-SYSTEM INTEGRATION RULES

### 4.1 The Five Universal Rules

**Rule 1: Brand Bible Supremacy** No design system may contradict the Brand Bible. In case of conflict, the Brand Bible prevails. This is absolute and non-negotiable.

**Rule 2: Educational Standards Gate** No educational content may be designed before passing Educational Standards review. Design serves content; content does not serve design. This prevents the “form over function” trap.

**Rule 3: Colour & Typography Lock** All visual systems must use the approved Colour System and Typography System. No custom colours or fonts may be introduced without approval from the Chief Design Officer.

**Rule 4: Copyright by Default** All materials are copyright protected by default. No material may be released without proper copyright notices, trademark protections, and watermarks where applicable.

**Rule 5: Consistency Over Creativity** Within the Sunnah Remedies ecosystem, consistency is more valuable than individual creative expression. Creativity is welcome within the boundaries of the design systems. Breaking consistency for the sake of novelty is prohibited.

## 4.2 Medium-Specific Integration

### For Digital Courses:

- Must follow: Brand Bible, Educational Standards, Slide System, Colour System, Typography System, Icon Library, Illustration System, Photography Guide, Copyright Standards, Watermark Standards
- Must use: Approved slide templates, approved colour palette, approved fonts, approved icons, approved illustrations, approved photography
- Must include: Copyright notices, watermarks, educational outcome frameworks, scholarly citations

### For Printed Workbooks:

- Must follow: Brand Bible, Educational Standards, Workbook Standards, Colour System, Typography System, Icon Library, Illustration System, Photography Guide, Copyright Standards
- Must use: Approved workbook templates, approved grid system, approved paper specifications, approved binding methods
- Must include: Copyright notices, educational objectives, progress tracking, reflection spaces

### For Assessments:

- Must follow: Brand Bible, Educational Standards, Assessment Standards, Colour System, Typography System, Copyright Standards
- Must use: Approved assessment formats, approved question layouts, approved security features
- Must include: Time limits, instructions, marking rubrics, copyright notices

### For Certificates:

- Must follow: Brand Bible, Educational Standards, Certificate Standards, Visual Identity, Colour System, Typography System, Photography Guide, Copyright Standards
- Must use: Approved certificate layout, approved security features, approved paper stock
- Must include: Serial numbers, signatures, seals, verification information, copyright notices

### For Social Media:

- Must follow: Brand Bible, Visual Identity, Colour System, Typography System, Icon Library, Photography Guide, Copyright Standards, Watermark Standards
- Must use: Approved social media templates, approved colour palette, approved fonts, approved watermarks

- Must include: Copyright watermarks, brand hashtags, call-to-action standards

**For Websites:**

- Must follow: Brand Bible, Visual Identity, Colour System, Typography System, Icon Library, Photography Guide, Copyright Standards, Watermark Standards
- Must use: Approved web components, approved colour palette, approved fonts, approved icons, approved photography
- Must include: Copyright notices, accessibility features, responsive design standards

**For Printed Posters & Banners:**

- Must follow: Brand Bible, Visual Identity, Colour System, Typography System, Icon Library, Photography Guide, Copyright Standards
- Must use: Approved print specifications, approved colour profiles (CMYK), approved resolution standards
- Must include: Copyright notices, QR codes where appropriate, contact information

**For Books & Publications:**

- Must follow: Brand Bible, Educational Standards, Colour System, Typography System, Icon Library, Illustration System, Photography Guide, Copyright Standards, Watermark Standards
- Must use: Approved book templates, approved page layouts, approved binding standards
- Must include: Copyright pages, ISBN information, citations, acknowledgements, watermarks

**For Document Templates:**

- Must follow: Brand Bible, Visual Identity, Colour System, Typography System, Copyright Standards
- Must use: Approved document templates, approved letterhead, approved footer standards
- Must include: Copyright notices, contact information, date standards

**4.3 The Integration Checklist Matrix**

| Output Type            | Pillar I | Pillar II | Pillar III | Pillar IV | Pillar V | Pillar VI | Pillar VII | Pillar VIII | Pillar IX | Pillar X | Pillar XI | Pillar XII |
|------------------------|----------|-----------|------------|-----------|----------|-----------|------------|-------------|-----------|----------|-----------|------------|
| Digital Course         |          |           |            |           |          |           |            |             |           | —        | —         | —          |
| Printed Work-book      |          |           |            | —         |          |           |            |             |           |          | —         | —          |
| Assessment Certificate |          |           |            | —         | —        | —         |            |             | —         | —        |           | —          |
| Social Media           |          |           | —          | —         | —        |           |            |             |           | —        | —         | —          |
| Website                |          |           | —          | —         | —        |           |            |             |           | —        | —         | —          |
| Poster/Banner          |          |           | —          | —         | —        |           |            |             |           | —        | —         | —          |

## 5. MANDATORY PRE-RELEASE CHECKLIST

### The Sacred Gate: No Material Passes Without This Checklist

Every course, presentation, website, book, workbook, assessment, social media graphic, poster, or printed material must pass the following checklist before it is considered approved for release.

Failure to pass any item results in automatic rejection. No exceptions.

### SECTION A: BRAND INTEGRITY (Non-Negotiable)

#### A.1 Mission Alignment

- Does this output reflect the Academy’s mission: “Reviving Prophetic Medicine with scholarly rigour and clinical excellence”?
- Does it honour the Prophetic tradition and Islamic scholarly heritage?
- Is there any content that could be considered disrespectful to Islamic values?
- Does it maintain the dignity and sacredness appropriate to the subject matter?

#### A.2 Brand Voice Consistency

- Does the tone match the defined brand voice (scholarly yet accessible, dignified yet warm, authoritative yet humble)?
- Is the language appropriate for the intended audience?
- Are there any contradictions to the Brand Bible’s messaging framework?
- Does it feel unmistakably Sunnah Remedies?

### **A.3 Ethical Compliance**

- Are there any ethical violations (misleading medical claims, inappropriate imagery, disrespectful treatment of Islamic symbols)?
  - Is all content medically accurate and evidence-based?
  - Are all Islamic references properly attributed and verified?
  - Is there any content that could damage the Academy's reputation?
- 

## **SECTION B: VISUAL IDENTITY (Non-Negotiable)**

### **B.1 Logo & Brand Marks**

- Is the logo used in an approved version (primary, secondary, or monochrome as appropriate)?
- Are sacred geometry proportions maintained?
- Is the minimum clear space respected on all sides?
- Is the logo placed on an approved background (never on busy, clashing, or inappropriate backgrounds)?
- Are there any prohibited treatments (stretched, compressed, rotated, recoloured, distorted, outlined, or shadowed inappropriately)?
- Is the logo size appropriate (never smaller than minimum size)?

### **B.2 Colour Compliance**

- Are ALL colours from the approved Sunnah Remedies palette?
- Is the primary colour used with appropriate intention and prominence?
- Are functional colours used ONLY for their designated purposes (alerts, successes, warnings)?
- Is the colour combination accessible (WCAG AA minimum for digital, proper contrast for print)?
- Are print specifications correct (Pantone, CMYK, spot colours where required)?
- Are there any prohibited colour combinations?

### **B.3 Typography Compliance**

- Are ALL fonts from the approved Sunnah Remedies typeface library?
- Is the type scale followed exactly (headings, subheadings, body, captions at correct sizes)?
- Is the hierarchy clear and educationally effective?
- Is Arabic text (if present) using the approved Arabic typeface?
- Is line spacing appropriate for the medium (print vs. digital)?
- Are there any prohibited fonts (Comic Sans, Papyrus, decorative fonts, system defaults)?
- Is text alignment appropriate (left-aligned for English, right-aligned for Arabic, never justified for body text)?

### **B.4 Icon Compliance**

- Are ALL icons from the approved Sunnah Remedies Icon Library?
- Do they follow the style standards (line weight, corner radius, proportions)?
- Are they sized appropriately for their context?
- Are they coloured according to the Colour System?
- Do they carry appropriate meaning for their use?
- Are there any stock icons, emojis, or generic symbols used without approval?

### **B.5 Photography Compliance**

- Do all photographs follow the approved Sunnah Remedies photography style?
- Is the lighting natural, warm, and dignified?
- Is the composition aligned with Islamic geometric principles?
- Is the colour grading consistent with the approved look?
- Are there any ethical violations in subject matter (improper dress, inappropriate scenarios)?
- Do all people shown have signed consent forms?
- If AI-generated, were approved prompt templates used?
- Are there any stock photographs used without approval?

### **B.6 Illustration Compliance**

- Are all illustrations anatomically accurate (if medical/anatomical)?
- Do they follow the approved Sunnah Remedies illustration style?
- Are labels and annotations clear, consistent, and educationally effective?
- Does the illustration meet the luxury aesthetic standard?
- Has it been reviewed by medical professionals (if medical content)?
- Are there any stock illustrations used without approval?

---

## **SECTION C: EDUCATIONAL STANDARDS (For Educational Content)**

### **C.1 Content Quality**

- Has the content been reviewed by qualified Islamic scholars?
- Has the content been reviewed by qualified medical professionals?
- Are all citations properly formatted and verified?
- Does the content meet the Academy's evidence grading requirements?
- Is the learning outcome framework clearly articulated?
- Are instructor credentials verified and displayed?

### **C.2 Instructional Design**

- Is the content structured according to approved curriculum architecture?

- Is the information hierarchy clear and educationally effective?
- Are learning objectives stated at the beginning?
- Are assessments aligned with learning objectives?
- Is the pacing appropriate for the intended audience?
- Are there opportunities for reflection and application?

### **C.3 Accessibility**

- Is the content accessible to learners with disabilities (alt text, captions, readable fonts, proper contrast)?
  - Is the language clear and free of unnecessary jargon?
  - Are cultural considerations addressed appropriately?
  - Is the content available in approved formats?
- 

## **SECTION D: SYSTEM-SPECIFIC COMPLIANCE**

### **D.1 Slide System (For Presentations)**

- Is the presentation built on an approved master template?
- Are all layouts from the approved layout library?
- Are animations purposeful and subtle (not decorative or distracting)?
- Is the slide hierarchy clear and educationally effective?
- Are speaker notes included where appropriate?
- Is the file format correct and optimised?

### **D.2 Workbook Standards (For Workbooks)**

- Is the workbook built on approved templates?
- Does the layout follow the approved grid system?
- Is the balance of content and white space appropriate (luxury editorial standard)?
- Are exercise formats educationally effective and varied?
- Is the production quality premium (paper, binding, printing)?
- Does it feel like a keepsake, not a disposable handout?
- Are progress tracking and reflection spaces included?

### **D.3 Assessment Standards (For Assessments)**

- Is the assessment format approved?
- Are questions formatted according to standards (clear, unambiguous, properly spaced)?
- Are security features present (watermarks, serial numbers, anti-copy measures)?
- Is the layout anxiety-reducing (clear instructions, adequate space, readable format)?

- Are international standards met (CME, CPD, etc.)?
- Are marking rubrics clear, fair, and aligned with learning objectives?
- Is the feedback format constructive and actionable?

#### **D.4 Certificate Standards (For Certificates)**

- Does the certificate feel prestigious and award-worthy?
- Are security features present and elegant (watermarks, holograms, serial numbers)?
- Is the typography hierarchical and beautiful?
- Is the paper/production quality premium?
- Are digital certificates verifiable (blockchain, QR code, etc.)?
- Is the credential wallet design user-friendly and shareable?
- Does it feel worthy of framing and display?

#### **D.5 Document Templates (For Documents)**

- Is the document using an approved template?
- Is the letterhead correct, current, and properly placed?
- Are contact details accurate and up-to-date?
- Does it follow typography and colour systems?
- Is the layout professional, readable, and accessible?
- Has customisation been approved if outside defined boundaries?

---

### **SECTION E: LEGAL PROTECTION (Non-Negotiable)**

#### **E.1 Copyright Compliance**

- Is the copyright notice present and correctly formatted?
- Is the year current?
- Are all trademarks properly marked ( or where applicable)?
- Is all third-party content properly licensed and attributed?
- Are attributions complete, accurate, and prominently placed?
- Are creator and contributor agreements in place?

#### **E.2 Watermark Compliance**

- Is the appropriate watermark present for the medium?
- Is the watermark design correct and consistent?
- Is the opacity appropriate (visible but not intrusive)?
- Is the placement non-disruptive to learning or reading?
- Is the document traceable to its source (student ID, batch number, etc.)?

- Are social media watermarks prominent and tamper-resistant?

### **E.3 Intellectual Property**

- Are there any unauthorised uses of third-party content?
  - Is the Academy's own IP properly protected?
  - Are there any potential infringement risks?
  - Is the content original or properly licensed?
- 

## **SECTION F: TECHNICAL QUALITY (Non-Negotiable)**

### **F.1 File Standards**

- Is the file format appropriate for the intended use?
- Is the resolution correct (300 DPI for print, 72/144 DPI for digital)?
- Is the colour mode correct (CMYK for print, RGB for digital)?
- Is the file size optimised without quality loss?
- Are fonts embedded or outlined (for print)?
- Are images properly linked and high-resolution?

### **F.2 Digital Standards**

- Is the digital output responsive (if applicable)?
- Is the loading time acceptable?
- Are all links functional?
- Is the output accessible (screen reader compatible, keyboard navigable)?
- Is the output compatible with target devices and browsers?
- Are analytics and tracking properly implemented (if applicable)?

### **F.3 Print Standards**

- Are bleed and trim marks correctly set?
  - Is the colour profile correct for the printer?
  - Are paper specifications appropriate for the product?
  - Is the binding method appropriate and durable?
  - Are there any print production issues (low-res images, thin lines, etc.)?
  - Has a physical proof been reviewed and approved?
-

## **SECTION G: FINAL REVIEW (Non-Negotiable)**

### **G.1 Peer Review**

- Has the material been reviewed by at least one peer designer?
- Has the material been reviewed by at least one subject matter expert?
- Has the material been reviewed by at least one person from the target audience?
- Have all feedback items been addressed?

### **G.2 Authority Approval**

- Has the appropriate Design Authority approved the material?
- Has the Educational Standards Board approved (if educational content)?
- Has the Legal & Copyright Council approved (if new IP or third-party content)?
- Has the Chief Design Officer approved (if custom or deviated from standards)?

### **G.3 Final Proofing**

- Has the material been proofread for spelling and grammar?
  - Has the material been checked for factual accuracy?
  - Has the material been checked for consistency across all pages/screens?
  - Has the material been tested in its final format (printed, digital, etc.)?
  - Has a final checklist been completed by the creator?
- 

## **SECTION H: RELEASE READINESS (Non-Negotiable)**

### **H.1 Distribution Preparation**

- Is the material packaged correctly for distribution?
- Are metadata and tags complete and accurate?
- Is the version number and date clearly marked?
- Are release notes prepared (if applicable)?
- Is the distribution channel appropriate and secure?

### **H.2 Archive & Documentation**

- Has the final version been archived in the approved repository?
- Are all source files properly organised and saved?
- Is the project documentation complete?
- Have all assets been properly catalogued?

### **H.3 Post-Release Monitoring**

- Is there a plan for collecting feedback?
- Is there a plan for tracking usage and engagement?

- Is there a plan for addressing issues post-release?
  - Is there a plan for version updates if needed?
- 

## 6. ENFORCEMENT & COMPLIANCE

### 6.1 The Three Lines of Defense

**Line 1: Self-Compliance** Every creator is responsible for following the Design Bible. Before submitting work for review, the creator must complete the Mandatory Pre-Release Checklist. Self-compliance is the first and most important line of defense.

**Line 2: Peer Review** All materials must be reviewed by peers before submission to authority. Peer review catches errors, inconsistencies, and oversights that the creator may have missed.

**Line 3: Authority Approval** All materials must receive final approval from the appropriate Design Authority before release. No material may be released without this approval.

### 6.2 Consequences of Non-Compliance

#### Level 1: Minor Deviation

- Examples: Slight colour variation, minor typography inconsistency, missing alt text
- Consequence: Return for correction, no release until fixed
- Tracking: Logged for pattern analysis

#### Level 2: Moderate Deviation

- Examples: Incorrect logo usage, unapproved font, missing watermark, incorrect copyright notice
- Consequence: Return for correction, mandatory retraining, written warning
- Tracking: Logged in personnel file, affects performance review

#### Level 3: Major Deviation

- Examples: Unapproved colour palette, prohibited imagery, ethical violation, medical inaccuracy, copyright infringement
- Consequence: Immediate rejection, mandatory investigation, potential disciplinary action, legal review
- Tracking: Formal incident report, may affect employment status

#### Level 4: Critical Breach

- Examples: Deliberate brand sabotage, intentional misrepresentation, severe ethical violation, major legal breach
- Consequence: Immediate suspension, full investigation, potential termination, legal action
- Tracking: Permanent record, legal proceedings if applicable

### 6.3 Appeals Process

Creators may appeal enforcement decisions through the following process:

1. Written appeal to immediate supervisor within 48 hours
2. Review by Design Authority Committee within 5 business days
3. Final decision by Chief Design Officer within 10 business days
4. All appeals must reference specific Design Bible sections

### 6.4 Continuous Improvement

The Design Bible is a living document. It will be reviewed annually and updated as needed. All updates must be:

- Approved by the Brand Bible Committee
- Communicated to all creators and stakeholders
- Trained upon before taking effect
- Version controlled and archived

Suggestions for improvement may be submitted at any time to the Design Authority.

---

## 7. APPENDIX: QUICK REFERENCE CARDS

### Quick Reference Card 1: The Sacred Trio

THE SACRED TRIO

Every output must honour these three principles:

1. ISLAMIC AUTHENTICITY

• Honour Prophetic tradition

• Respect Islamic scholarly heritage

• Maintain dignity and sacredness

2. MEDICAL EXCELLENCE

• Communicate clinical precision

• Evidence-based practice

• Professional healthcare standards

3. LUXURIOUS DIGNITY

• Premium academy quality

• Worthy of the knowledge it carries

• Unmistakably Sunnah Remedies

## Quick Reference Card 2: The Five Universal Rules

| THE FIVE UNIVERSAL RULES       |                                                         |
|--------------------------------|---------------------------------------------------------|
| 1. BRAND BIBLE SUPREMACY       | No system may contradict the Brand Bible                |
| 2. EDUCATIONAL STANDARDS GATE  | No educational content designed before review           |
| 3. COLOUR & TYPOGRAPHY LOCK    | Only approved colours and fonts may be used             |
| 4. COPYRIGHT BY DEFAULT        | All materials are protected by default                  |
| 5. CONSISTENCY OVER CREATIVITY | Creativity within boundaries, never at expense of unity |

## Quick Reference Card 3: Output Type Quick Check

| OUTPUT TYPE QUICK CHECK |                                                                               |

## Quick Reference Card 5: The Creator's Pledge

| THE CREATOR'S PLEDGE                                                                 |
|--------------------------------------------------------------------------------------|
| Before I release any material bearing the Sunnah Remedies Academy name, I pledge to: |
| Honour the Prophetic tradition in every visual choice                                |
| Maintain medical accuracy and scholarly rigour                                       |
| Follow the Design Bible without exception                                            |
| Complete the Mandatory Pre-Release Checklist                                         |
| Seek approval when deviation is necessary                                            |
| Protect the Academy's intellectual property                                          |
| Create materials worthy of the knowledge they carry                                  |
| Ensure every output is unmistakably Sunnah Remedies                                  |
| Signed: _____ Date: _____                                                            |

## CLOSING COVENANT

This Design Bible is the constitution of Sunnah Remedies Academy. It exists to protect the integrity of our mission, the quality of our output, and the trust of our students and community.

Every creator who works under the Sunnah Remedies name carries a sacred responsibility. The designs we create, the materials we produce, and the experiences we craft are not merely commercial outputs —

they are vessels for Prophetic knowledge, medical wisdom, and spiritual growth.

**Let every output be a reflection of the excellence we teach. Let every design honour the tradition we serve. Let every material be unmistakably, exclusively, and eternally Sunnah Remedies Academy.**
