Common Student Concerns

Concern	Response
“I’m not ready to teach”	Start with informal peer mentoring, build confidence gradually
“I don’t have time for CPD”	2 hours per month is sufficient —plan it in your calendar

Table 3 – continued

Concern	Response
“Networking feels fake”	Start with genuine interest in others’ work, not self-promotion
“I don’ t know which career path”	Begin with clinical practice —clarity comes through experience
“Giving feedback is uncomfortable”	It gets easier with practice. SBI makes it structured and safe.
