

SUNNAH REMEDIES ACADEMY

WORKBOOK SYSTEM DESIGN

A Lifetime Companion for the Healing Arts

“There is no disease that Allah has created, except that He also has created its treatment.” — Prophet Muhammad

TABLE OF CONTENTS

1. Design Philosophy
 2. Workbook Layouts
 3. Exercise Pages
 4. Reflection Pages
 5. Clinical Logs & Practical Records
 6. Case Study Pages
 7. Revision Summaries & Checklists
 8. Mind Maps & Visual Tools
 9. Competency Tracking
 10. Workbook Typography
 11. Icon System
 12. Illustration Standards
 13. Colour Usage
 14. Print & Production Specifications
 15. Appendix: Sample Page Templates
-

1. DESIGN PHILOSOPHY

Core Principle: The Workbook as Sacred Artifact

The Sunnah Remedies Academy Workbook is conceived not as a disposable textbook, but as a **sacred artifact of learning**. Every page is designed to feel like a cross between a luxury journal and a professional medical portfolio.

Aesthetic Lineage

- Islamic manuscript traditions (illuminated borders, calligraphic elements)
- 19th-century botanical illustration plates (scientific accuracy meets artistic beauty)
- Contemporary premium editorial design (clean typography, generous white space)
- Medical portfolio systems (structured, professional, reference-worthy)

Emotional Goals

- **Reverence:** The workbook should feel worthy of the sacred knowledge it contains

- **Pride:** Students should want to display it, not hide it on a shelf
- **Longevity:** Designed to be referenced, annotated, and cherished for decades
- **Professionalism:** Every element signals clinical competence and scholarly rigour

Functional Goals

- Active learning over passive reading
- Spiritual integration alongside technical mastery
- Professional documentation for clinical practice
- Self-assessment and competency validation
- Lifetime reference value

2. WORKBOOK LAYOUTS

2.1 Chapter Opener

Purpose

Sets the spiritual and intellectual tone for each module. Creates a moment of pause and intention before learning begins.

Layout Specifications

- **Format:** A4 Portrait (210 x 297mm)
- **Bleed:** 3mm all sides
- **Header:** Full-bleed ornamental band across the top third
- **Chapter Number:** Large gold foil numeral (72pt Cormorant Garamond Light)
- **Chapter Title:** Below number, all caps, generous tracking
- **Arabic Calligraphy:** Small decorative element in top corner
- **Learning Objectives:** Clean bullet list in the lower half
- **Dua Space:** Dedicated box for student’s personal supplication before beginning
- **Decorative Element:** Subtle geometric border framing the page

Content Structure

[Arabic decorative element]

CHAPTER FOUR

4

HIJAMA: THE SUNNAH OF HEALING

Learning Objectives:

- Identify the 7 primary Sunnah points
- Understand anatomical landmarks
- Apply sterilisation protocols
- Document clinical sessions

2.2 Two-Column Learning Page

Purpose

Balances instructional content with active note-taking. Perfect for live lectures, self-study, and revision.

Layout Specifications

- **Format:** A4 Portrait
- **Column Split:** 60% content / 40% notes
- **Left Column:** Instructional text with marginalia icons
- **Right Column:** Dot-grid note space (5mm spacing, 15% opacity)
- **Margins:** 8mm inner, 12mm outer, 10mm top/bottom
- **Gutter:** 8mm between columns with subtle gold hairline

Content Structure

MODULE 3 - LESSON 2

[Dot-grid
note space]

The Anatomy of
Al-Kahil

-
-
-
-
-
-
-
-

The point between
the shoulder blades
(Al-Kahil) is
considered the
master point in
Sunnah Hijama.

[Anatomical illustration]

Key Landmarks:

- T3-T4 vertebrae
- Medial to scapular spine
- 2-3cm lateral to midline

[Hadith reference box]

2.3 Full-Page Illustration

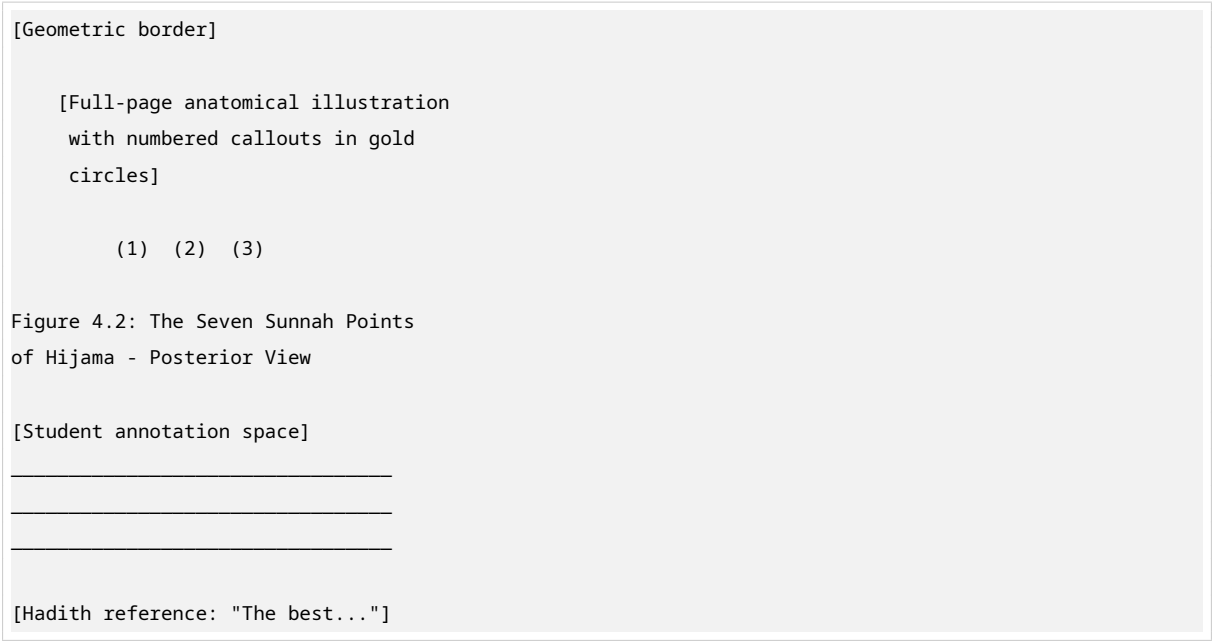

Purpose

Showcases anatomical and botanical illustrations as works of art while serving educational function.

Layout Specifications

- **Format:** A4 Portrait
- **Illustration Width:** 160mm (full width minus margins)
- **Caption:** Below illustration, 9pt italic, centred
- **Callout Numbers:** Gold circles with white numerals
- **Annotation Space:** Right margin for student notes (30mm)
- **Border:** Subtle Islamic geometric frame, 2pt gold line

Content Structure

2.4 Spread Layout (Two-Page)

Purpose

Connects theory and practice across a single visual field. Designed for lay-flat binding.

Layout Specifications

- **Format:** A4 Spread (420 x 297mm)
- **Left Page (Theory):** Instructional content, diagrams, evidence
- **Right Page (Practice):** Application exercises, clinical scenarios, skill practice
- **Connecting Element:** Gold rule line across the gutter at 1/3 height
- **Page Numbers:** Bottom outer corners, mirrored

Content Structure

THEORY	PRACTICE
The Physiology of Cupping	Exercise 3.4 Point Identification

[Diagram: Blood flow mechanism]	[Body diagram with blank callouts]
Key Concepts:	Label the points:
- Negative pressure draws stagnant blood to surface	1. Al-Kahil: _____
- Stimulates immune response	2. Yafookh: _____
- Promotes microcirculation	3. Akhda'ain: _____
	Self-Assessment:
	[] All points identified
	[] Hadith referenced
	[] Landmarks known
Evidence:	
"The best of your treatments is Hijama."	
[Gold rule line]	[Gold rule line]
Page 46	Page 47

2.5 Divider Page

Purpose

Creates a physical and psychological break between modules. Signals progression and achievement.

Layout Specifications

- **Format:** A4 Portrait
- **Stock:** 300gsm uncoated, off-white
- **Embossing:** Blind emboss geometric pattern (subtle, tactile)
- **Foil:** Gold accent line or small motif
- **No page number**
- **Text:** Module title only, centred, large, generous spacing

Content Structure

[Blind emboss geometric pattern - subtle, tactile]
MODULE
V
ADVANCED CLINICAL
SKILLS

"Healing is a gift from Allah,

but knowledge is the vessel
that carries it."

[Gold foil accent]

2.6 End-of-Chapter Summary

Purpose

Consolidates learning, provides rapid review, and creates a personal reference section.

Layout Specifications

- **Format:** A4 Portrait
- **Summary Grid:** 3-column layout (Concept | Evidence | Application)
- **Personal Notes:** Full-width space below grid
- **Self-Assessment:** Mini checklist at bottom
- **Decorative Border:** Subtle geometric frame

Content Structure

CHAPTER SUMMARY - Module 3

CONCEPT	EVIDENCE	APPLICATION
Al-Kahil	"The best treatment"	Master point
Yafookh	Headache remedy	Migraine relief
Akhda'ain	Sunnah points	Blood pressure

My Notes:

Self-Assessment:

☐ I can identify all 7 points

☐ I know the anatomical landmarks

☐ I can cite the relevant hadith

☐ I understand contraindications

3. EXERCISE PAGES

3.1 Fill-in-the-Blank

Purpose

Reinforces key terminology and hadith references through active recall.

Design

- Cloze deletion sentences with blank lines (1.5pt gold underline)
- Contextual clues in brackets
- Gold-ink-friendly spaces (tested with common gold gel pens)
- Answer key in appendix for self-checking

Sample

EXERCISE 2.3 - Key Terminology

Complete the following sentences:

1. The Prophet (peace be upon him) said that _____
is the best of your treatments. (Answer: Hijama / cupping)
2. Black seed (Habba Souda) is described as a healing for every
disease except _____. (Answer: death)
3. The point between the shoulder blades is known as
_____. (Answer: Al-Kahil)
4. Cupping should be performed on days _____, _____, and
_____ of the lunar month for optimal benefit.
(Answer: 17, 19, 21)
5. The Arabic term for 'wet cupping' is _____.
(Answer: Hijama)

3.2 Matching Pairs

Purpose

Builds associative connections between related concepts.

Design

- Two columns with connecting line space between
- Elegant curved lines drawn by student
- Numbered left column, lettered right column
- Islamic geometric border motif

Sample

EXERCISE 3.1 - Matching Remedies to Conditions

Draw a line connecting each remedy to its primary condition:

- | | |
|----------------------|-----------------------------------|
| 1. Black Seed | A. Headache / Migraine |
| 2. Honey | B. Hypertension |
| 3. Olive Oil | C. General wellness / Immunity |
| 4. Cupping (Yafookh) | D. Wound healing / Digestive |
| 5. Cupping (Akhda') | E. Skin conditions / Inflammation |

My Notes:

3.3 True / False

Purpose

Challenges misconceptions while reinforcing authentic knowledge.

Design

- Statement with T/F circle checkboxes
- Correction space for false statements (mandatory)
- Reference to source material for verification

Sample

EXERCISE 4.2 - True or False?

Mark T (True) or F (False). If false, write the correct statement.

1. T / F Hijama can only be performed by a medical doctor.
Correction: _____
2. T / F The Prophet (pbuh) recommended cupping on the 17th, 19th, and 21st of the lunar month.
Correction: _____
3. T / F Black seed should be taken with honey for maximum benefit.
Correction: _____
4. T / F Cupping is contraindicated for patients with haemophilia.
Correction: _____
5. T / F All cupping points are equally effective for all

conditions.
Correction: _____

3.4 Crossword & Word Search

Purpose

Builds bilingual terminology fluency in an engaging format.

Design

- Islamic geometric border around puzzle grid
- Clues in both Arabic and English
- Grid size: 15x15 for crosswords, 12x12 for word searches
- Answer key in appendix

Sample Crossword Clues

CROSSWORD - Module 5: Herbal Remedies

Across:

3. The Arabic name for black seed (5 letters)
5. Tree whose leaves and oil are both medicinal (5 letters)
7. Sweet substance mentioned in Qur'an 16:69 (5 letters)

Down:

1. The Sunnah term for cupping (6 letters)
2. Point on top of the head (7 letters)
4. Month when Ramadan fasting occurs (6 letters)
6. The Prophet's (pbuh) favourite fruit (4 letters)

4. REFLECTION PAGES

4.1 Pre-Study Dua

Purpose

Grounds learning in spiritual intention before each chapter begins.

Design

- Dedicated full-width box at chapter opener
- Decorative gold border
- Prompt text: “My personal supplication for this chapter...”
- Lined space for writing (college-ruled spacing)
- Small decorative element at bottom

Sample

BEFORE WE BEGIN

"My Lord, increase me in knowledge."

- Qur'an 20:114

My Dua for This Chapter:

[Small geometric flourish]

4.2 Hadith Contemplation

Purpose

Deepens understanding through guided reflection on primary sources.

Design

- Hadith presented in Arabic with English translation
- 3-4 reflection prompts below
- Generous writing space (minimum 100mm per prompt)
- Date field for tracking spiritual growth over time

Sample

REFLECTION - Module 2, Page 72

And when I am ill, it is He who cures me.

- Qur'an 26:80

Reflection Prompts:

1. How does this verse change your perspective on illness and healing?

2. In what ways have you witnessed Allah's healing power in your life?

3. How does this verse inform your approach as a future practitioner?

Date: ____ / ____ / ____

4.3 Gratitude Log

Purpose

Weekly gratitude practice focused on health, knowledge, and service.

Design

- One page per week
- 7 numbered spaces (one per day)
- Prompt: "Today I am grateful for..."
- Small decorative element per entry
- Weekly summary space at bottom

Sample

GRATITUDE LOG - Week of _____

"If you are grateful, I will surely increase you."
- Qur'an 14:7

Day 1 (____): _____

Day 2 (____): _____

Day 3 (____): _____

Day 4 (____): _____

Day 5 (____): _____

Day 6 (____): _____

Day 7 (____): _____

This week, the blessing I noticed most was:

5. CLINICAL LOGS & PRACTICAL RECORDS

5.1 Hijama Session Record

Purpose

Professional documentation of every hands-on session for competency tracking and legal protection.

Design

- A4 Portrait, single page per session
- Header with log number, date, and practitioner name
- Body diagram for point marking
- Structured fields for all clinical data
- Dual signature blocks (student + supervisor)

Sample Template

CLINICAL LOG - HIJAMA SESSION

Log #: _____ Date: ____/____/____

PRACTITIONER / STUDENT:

SUPERVISOR:

PATIENT INFORMATION

ID (Anonymised): _____

Age: _____ Gender: _____

First Session: [] Yes [] No (Session #__)

PRESENTING COMPLAINT

POINTS TREATED (Mark on diagram below)

[Body diagram - back/front views]

Points: 1.____ 2.____ 3.____ 4.____

5.____ 6.____ 7.____

CUPS USED:

Type: ☐ Glass ☐ Plastic ☐ Silicone

Size: ☐ Small ☐ Medium ☐ Large

Number: _____

DURATION PER POINT:

_____ minutes

PATIENT RESPONSE & OBSERVATIONS

PRACTITIONER REFLECTION

What would I do differently?

[Student Signature] _____ [Supervisor Signature] _____

Date: _____ Date: _____

5.2 Patient Consultation Log

Purpose

Structured intake that integrates Islamic etiquette with clinical thoroughness.

Design

- Two-page spread (intake on left, assessment on right)
- Islamic etiquette reminder at top
- Standard medical history fields
- Sunnah-specific assessment section
- Confidentiality notice at bottom

Sample Template

PATIENT CONSULTATION	SUNNAH ASSESSMENT
-----	-----
"Treat your patients with kindness and compassion."	Current Sunnah Practices:
Date: ____/____/____	☐ Black seed daily
Patient ID: _____	☐ Honey regularly
	☐ Olive oil
	☐ Dates

	☐ Cupping (when?)
PERSONAL DETAILS	☐ Qust / Costus
Name: _____	☐ Other: _____
Age: ____ Gender: __	
Occupation: _____	SPIRITUAL WELLNESS
Contact: _____	Prayer regularity:

MEDICAL HISTORY	Sleep pattern:
☐ Diabetes	_____
☐ Hypertension	Stress level (1-10):
☐ Heart Condition	_____
☐ Blood Disorders	
☐ Previous Surgery	TREATMENT PLAN
☐ Medications	_____
Details: _____	_____
_____	_____

PRESENTING	
COMPLAINT	FOLLOW-UP SCHEDULE
_____	Check-in 1: _____
_____	Check-in 2: _____
_____	Check-in 3: _____
[Islamic etiquette	[Confidentiality
reminder box]	notice]

5.3 Herbal Preparation Record

Purpose

Batch tracking for remedies prepared by the student to ensure quality, traceability, and professional accountability.

Design

- Single page per batch
- Ingredient checklist with source documentation
- Preparation method with timestamps
- Batch number system
- Efficacy tracking section

Sample Template

HERBAL PREPARATION RECORD	
Batch #: SR-____-____-____	
REMEDY NAME: _____	
DATE PREPARED: ____/____/____	
PREPARED BY: _____	
SUPERVISOR: _____	

INGREDIENTS

Ingredient	Source	Amount	
_____	_____	_____	
_____	_____	_____	
_____	_____	_____	
_____	_____	_____	

PREPARATION METHOD

Start Time: _____ End Time: _____

STORAGE INSTRUCTIONS

Expiry Date: ____/____/_____

EFFICACY NOTES (To be completed after use):

[Signature block]

5.4 Treatment Plan Template

Purpose

Goal-oriented professional planning with Sunnah integration.

Design

- Two-page spread
- SMART goal framework adapted for Sunnah medicine
- Timeline with check-in points
- Sunnah recommendations column
- Expected outcomes and follow-up schedule

Sample Template

TREATMENT PLAN	SUNNAH INTEGRATION
-----	-----
Patient ID: _____	Recommended Sunnah
Date: ____/____/____	Practices:
Plan Duration: ____	
weeks	[] Daily black seed

GOALS	[] Honey with water (morning)
1. _____	[] Olive oil massage
2. _____	[] Cupping schedule: _____
3. _____	[] Dates at suhoor
TREATMENT SCHEDULE	[] Qust inhalation
Week 1: _____	
Week 2: _____	SPIRITUAL SUPPORT
Week 3: _____	[] Dua for healing
Week 4: _____	[] Ruqya (if needed)
	[] Family support
EXPECTED OUTCOMES	
By Week 2: _____	FOLLOW-UP SCHEDULE
By Week 4: _____	Check-in 1: _____
By Week 6: _____	Check-in 2: _____
	Check-in 3: _____
[Signature]	[Signature]

5.5 Progress Tracking Chart

Purpose

Visual progress monitoring for patient improvement over time.

Design

- Grid-based chart with weeks on x-axis, symptom severity on y-axis
- Multiple symptom lines in different colours
- Sunnah intervention markers on timeline
- Space for notes at each data point

Sample Template

PROGRESS TRACKING CHART

Patient ID: _____ Condition: _____

Severity (1-10)

10	
9	
8	*
7	* * *
6	* * *
5	* * *

W8:								

6. CASE STUDY PAGES

6.1 Case Study Structure

Purpose

Bridges theory and practice through real-world scenarios that develop clinical reasoning.

Design

- Narrative scenario presented in a highlighted box
- 5-6 structured analytical prompts
- Generous writing space for each prompt
- Discussion notes section for learning extraction
- Progression from simple to complex cases
- Answer guide in appendix for self-assessment

Sample Case Study

CASE STUDY #12
Module: Advanced Clinical Practice
Difficulty: Intermediate

SCENARIO

A 34-year-old sister presents with chronic migraines occurring 3-4 times per week. She has tried conventional medication with limited success. She seeks a Sunnah-based integrated approach. As the practitioner, how do you proceed?

1. INITIAL ASSESSMENT

What questions do you ask?

2. SUNNAH REMEDIES TO CONSIDER	
List and justify your choices:	
3. HIJAMA POINTS	
Which points and why?	
4. LIFESTYLE & DIETARY ADVICE	
From the Sunnah:	
5. FOLLOW-UP PLAN	
How do you monitor progress?	
DISCUSSION NOTES	
What did I learn from this case?	
[Answer guide reference: Appendix C]	

6.2 Case Study Difficulty Progression

Level	Description	Example
Foundation	Single condition, clear Sunnah remedy	Common cold - honey, black seed
Intermediate	Chronic condition, multiple interventions	Migraine - Hijama + diet + lifestyle
Advanced	Complex case, contraindications, integration	Diabetes + hypertension with medication interactions
Expert	Multi-system, ethical considerations, team care	Terminal illness with family dynamics

7. REVISION SUMMARIES & CHECKLISTS

7.1 Key Concepts Summary Table

Purpose

Rapid review of essential knowledge in a structured, scannable format.

Design

- 4-column table: Concept | Evidence | Application | My Notes
- Alternating row shading for readability
- Gold header row
- Space for student annotations in “My Notes” column

Sample

REVISION SUMMARY - Module 4: Sunnah Nutrition			
CONCEPT	KEY EVIDENCE	APPLICATION	NOTES
Black Seed (Habba Souda)	"Healing for every disease except death"	1 tsp daily with honey	
Dates & Water	Iftar tradition Labour support	Break fast; recovery	
Honey	"A healing for mankind" Qur'an 16:69	Raw, unfiltered	
Olive Oil	"Eat and anoint with it"	Internal & external use	
Qust (Costus)	Sunnah for respiratory	Inhalation, topical	
QUICK RECALL - Write everything you remember:			

7.2 Pre-Clinical Checklist

Purpose

Ensures safety, professionalism, and thorough preparation before every hands-on session.

Design

- Clean checkbox format with gold checkboxes
- Grouped by category: Hygiene, Equipment, Patient, Documentation
- “Bismillah” invocation at bottom
- Signature line for accountability

Sample

```
PRE-CLINICAL CHECKLIST
Hijama Session Preparation

HYGIENE & PREPARATION
[ ] Hand hygiene performed (wudu + antiseptic hand wash)
[ ] All equipment sterilised and laid out
[ ] Work surface disinfected
[ ] Fresh linens and covers prepared

PATIENT CARE
[ ] Patient consent obtained and documented
[ ] Medical history reviewed for contraindications
[ ] Patient comfort and privacy ensured
[ ] Points marked and verified with supervisor

SAFETY & DOCUMENTATION
[ ] Emergency kit accessible
[ ] Emergency contact numbers confirmed
[ ] Post-care instructions prepared
[ ] Session documentation form ready

-----
Bismillah - Begin with the name of Allah
-----

Student Signature: _____
Date: __/__/_____
Supervisor Initials: _____
```

7.3 Flashcard Templates

Purpose

Portable, self-testable revision cards that students can create from module content.

Design

- Perforated templates at the back of each module
- Standard card size: 85mm x 55mm (business card size)
- Dotted cut lines for clean separation
- Question side / Answer side layout

- Suggested for card box storage

Sample

```
[FRONT] Q: What is the Arabic term for wet cupping?
[BACK]  A: Hijama (Hajama)

[FRONT] Q: Which Hijama point for headache relief?
[BACK]  A: Yafookh (top of head)

[FRONT] Q: Name the 7th Sunnah point of Hijama?
[BACK]  A: Al-Kahil (between shoulder blades)

[FRONT] Q: What did the Prophet (pbuh) say about black seed?
[BACK]  A: "In it is healing for every disease except death"
```

8. MIND MAPS & VISUAL TOOLS

8.1 Mind Map Pages

Purpose

Supports visual learners in creating associative knowledge networks.

Design

- Central concept circle with radiating branch guides
- Subtle geometric grid as background (10% opacity)
- 6-8 primary branch guides from centre
- Secondary branch guides from primary branches
- Colour-coding legend at bottom
- Full A4 page per mind map

Sample

```
MIND MAP - Module 5: Herbal Medicine

      [SUNNAH HERBS]
        |
+-----+-----+
|         |         |
[Black]  [Olive]  [Honey]
Seed     Oil
|         |         |
[Immun]  [Skin]   [Wound]
[ity]    [Care]   [Heal]

[Student draws connections and
adds their own branches]
```

Colour Legend:

Green = Remedy	Gold = Evidence
Blue = Condition	Red = Warning

```
Green = Remedy    Gold = Evidence
Blue = Condition  Red = Warning
```

```
Blue = Condition Red = Warning
```

8.2 Note Pages

Purpose

Free-form space for student-driven learning, brainstorming, and personal research.

Design

- Dot-grid background (5mm spacing, 10% opacity)
- Small header with module reference
- Generous margins for marginalia
- Page number at bottom
- Optional: faint decorative corner motif

Sample

Page ____

9. COMPETENCY TRACKING

9.1 Skills Assessment Matrix

Purpose

Validates practical mastery through a structured, signed-off progression system.

Design

- Grid layout: Skill | Not Yet | Supervised | Independent | Mastery
- Gold circles for achieved levels
- Supervisor signature required for each level
- Date stamps for tracking progression
- Student name and registration number at top

Sample

COMPETENCY PASSPORT				
Student: _____		Reg #: _____		
Programme: _____		Start: _____		
SKILL	NOT	SUPERVISED	INDEPENDENT	MASTERY
-----	-----	-----	-----	-----
Patient consultation & history taking	o	o	*	o
-----	-----	-----	-----	-----
Point identification (Al-Kahil)	o	o	o	*
-----	-----	-----	-----	-----
Point identification (Yafookh)	o	o	*	o
-----	-----	-----	-----	-----
Cup application technique	o	*	o	o
-----	-----	-----	-----	-----
Sterilisation protocols	o	o	o	*
-----	-----	-----	-----	-----
Emergency response	*	o	o	o
-----	-----	-----	-----	-----
Herbal remedy preparation	o	*	o	o
-----	-----	-----	-----	-----
Post-treatment care advice	o	o	*	o
-----	-----	-----	-----	-----
Legend: * = Achieved o = Not Yet				
Each level requires supervisor sign-off with date stamp				
Overall Progress: 50%				

9.2 Skill Badges

Purpose

Creates tangible recognition of achievement and visible progress.

Design

- Four badge designs corresponding to four competency levels
- Gold foil stamps applied by supervisors upon sign-off
- Collectible and display-worthy
- Consistent with academy certification aesthetic

Badge System

Level	Badge Design	Description
Not Yet	Empty circle outline	Starting point - no stamp
Supervised	Circle with crescent	Practicing under guidance
Independent	Circle with star	Confident solo practice
Mastery	Circle with crescent + star + laurel	Expert level achieved

9.3 Supervisor Sign-Off System

Purpose

Ensures accountability, professional validity, and legal protection.

Design

- Dedicated signature block per competency level
- Fields: Supervisor Name, Registration Number, Signature, Date, Stamp
- Verification QR code (optional digital integration)
- Sequential numbering for audit trail

Sample

```
SUPERVISOR SIGN-OFF
Skill: _____
Level: [ ] Supervised [ ] Independent [ ] Mastery

Supervisor Name: _____
Registration #: _____
Signature: _____
Date: __/__/____
Official Stamp: [_____]

Student Acknowledgement:
I confirm I have demonstrated this skill to the stated level.
Student Signature: _____
Date: __/__/_____
```

10. WORKBOOK TYPOGRAPHY

10.1 Typeface Selection

Primary Typeface: Cormorant Garamond

A contemporary serif with classical proportions, combining elegance with excellent readability. Its slightly condensed forms allow more content per line while maintaining a luxurious feel.

Usage	Weight	Size	Leading	Tracking	Case
Chapter Titles	Light (300)	36pt	42pt	+20	All Caps
Section Headers	Light (300)	18pt	24pt	+15	All Caps
Body Text	Regular (400)	10.5pt	16pt	+0	Sentence
Captions	Regular (400)	9pt	14pt	+5	Sentence
Labels	Regular (400)	8pt	12pt	+40	All Caps

Secondary Typeface: Courier Prime

A refined monospace font that brings a technical, archival quality to labels, page numbers, and specifications. Evokes the precision of medical documentation.

Usage	Weight	Size	Leading	Tracking	Case
Page Numbers	Regular	8pt	10pt	+40	All Caps
Technical Labels	Regular	8pt	12pt	+40	All Caps
Log References	Regular	9pt	14pt	+20	Upper/Lower
Specifications	Regular	8pt	12pt	+30	All Caps

Arabic Typeface: Amiri Quran

A classical Quranic typeface with excellent diacritical mark support. Designed specifically for Islamic texts with proper tajweed spacing.

Usage	Weight	Size	Leading	Alignment
Qur’anic Verses	Regular	14pt	22pt	Right
Hadith Arabic	Regular	12pt	20pt	Right
Dua Text	Regular	11pt	18pt	Right
Terminology	Regular	10pt	16pt	Right

10.2 Typographic Hierarchy

LEVEL 1: CHAPTER TITLE

Cormorant Garamond Light, 36pt, All Caps, +20 tracking, Green (#2d5a3f)

LEVEL 2: MODULE HEADER

Cormorant Garamond Light, 18pt, All Caps, +15 tracking, Green (#2d5a3f)

LEVEL 3: SECTION TITLE

Cormorant Garamond Regular, 14pt, All Caps, +10 tracking, Ink (#1a1a1a)

LEVEL 4: BODY TEXT

Cormorant Garamond Regular, 10.5pt, Sentence case, Ink (#1a1a1a), 16pt leading

LEVEL 5: CAPTION / LABEL

Courier Prime Regular, 8pt, All Caps, +40 tracking, Muted (#8a8278)

LEVEL 6: ARABIC TEXT

Amiri Quran Regular, 14pt, Right-aligned, Green (#2d5a3f)

10.3 Special Typographic Treatments

Hadith Quotations

- Arabic text: Amiri Quran, 14pt, right-aligned, green
- English translation: Cormorant Garamond Italic, 11pt, left-aligned, ink
- Source citation: Courier Prime, 8pt, all caps, muted, below quotation
- Decorative gold rule line above and below

Dua Spaces

- Prompt text: Cormorant Garamond Italic, 10pt, centred, muted
- Writing space: College-ruled lines (8mm spacing), gold tint at 20% opacity
- Decorative geometric element at bottom

Clinical Data Fields

- Label: Courier Prime, 8pt, all caps, muted
- Input line: 1.5pt gold underline, 36mm minimum length
- Units: Courier Prime, 8pt, in brackets after label

11. ICON SYSTEM

11.1 Icon Categories

Botanical Icons

Hand-drawn illustrations of medicinal plants referenced in the Sunnah.

Icon	Subject	Usage
Black Seed	Nigella sativa	Herbal remedy sections, ingredient lists
Olive Branch	Olea europaea	Nutrition modules, olive oil sections
Date Palm	Phoenix dactylifera	Nutrition, Ramadan, recovery topics
Honeycomb	Apis mellifera	Remedy sections, Qur' anic references
Fig Tree	Ficus carica	Nutritional medicine, digestive health
Costus Root	Saussurea lappa	Respiratory medicine, Sunnah remedies

Design Spec: Fine line weight (0.5pt), botanical illustration style, gold accent details on key features, 24x24mm display size, 12x12mm inline size.

Anatomical Icons

Minimalist body diagrams for point identification and clinical documentation.

Icon	Subject	Usage
Full Body	Body silhouette	Overview pages, general references
Blood Drop	Haematology	Contraindications, blood disorders
Muscle Group	Musculature	Point location, anatomy lessons
Vertebrae	Skeletal system	Skeletal landmarks, point identification
Head Profile	Cranial anatomy	Yafookh point, neurological conditions
Heart	Cardiovascular	Cardiovascular considerations

Design Spec: Clean line art (1pt stroke), anatomical accuracy, numbered callout circles (gold fill, white number), 40x40mm display size, 16x16mm inline size.

Ornamental Icons

Islamic geometric motifs used as decorative and functional elements.

Icon	Pattern	Usage
Eight-pointed Star	Khatam	Section dividers, chapter markers
Diamond Lattice	Ashlar	Border corners, frame elements
Floral Arabesque	Islimi	Page corners, decorative accents
Geometric Circle	Rosette	Bullet points, list markers
Diamond Shape	Rhombus	Sub-section markers, callout boxes
Crescent Motif	Hilal	Spiritual sections, dua pages

Design Spec: Vector-based geometric construction, 2pt gold stroke, 20% opacity when used as background, 100% opacity when used as foreground. Sizes: 8x8mm (inline), 24x24mm (decorative), 60x60mm (section dividers).

Spiritual Icons

Subtle motifs for reflection, dua, and spiritual content sections.

Icon	Subject	Usage
Crescent Moon	Hilal	Chapter openers, Ramadan content
Mosque Silhouette	Masjid	Dua pages, spiritual reflection
Prayer Beads	Misbaha	Contemplation exercises, dhikr sections
Light Rays	Nur	Divine healing, barakah concepts
Open Hands	Dua gesture	Dua spaces, supplication prompts
Star and Crescent	Academy symbol	Academy branding, certification pages

Design Spec: Minimalist line art (1pt stroke), never dominant, always supportive. Used at 12x12mm inline, 30x30mm decorative. Gold or green depending on context.

Functional Icons

Practical symbols for checklists, navigation, and user interface elements.

Icon	Function	Usage
Check Mark	Completion	Completed items, achieved competencies
Empty Circle	Pending	Uncompleted items, pending tasks

Table 10 – continued

Icon	Function	Usage
Arrow	Direction	Navigation, sequence, direction
Star	Importance	Important notes, key concepts
Warning	Caution	Contraindications, cautions
Pin	Bookmark	Bookmark, reference marker

Design Spec: Consistent 18x18px size, 2pt stroke weight, gold colour for active states, muted grey for inactive states. Vector-based for crisp reproduction at any size.

Achievement Icons

Competency badge designs for the skills passport system.

Level	Design	Description
Not Yet	Empty circle outline	Empty circle outline, 1pt gold stroke
Supervised	Circle with crescent	Circle with crescent, gold fill
Independent	Circle with star	Circle with star, gold fill
Mastery	Circle with crescent + star + laurel	Gold foil stamp

Design Spec: 24x24mm badge size, gold Pantone 871 C for stamped versions, vector-based for digital versions. Consistent visual weight across all four levels.

11.2 Icon Usage Guidelines

Size Standards

- **Inline:** 8-12mm (used within text, next to labels)
- **Decorative:** 24-30mm (used as section markers, page elements)
- **Feature:** 40-60mm (used as primary visual elements, illustration companions)
- **Hero:** 80-120mm (used on divider pages, chapter openers)

Colour Rules

- **Gold (#b8860b):** Primary accent, active states, achievements
- **Green (#2d5a3f):** Headers, chapter markers, botanical elements
- **Ink (#1a1a1a):** Functional icons, inline usage
- **Muted (#8a8278):** Inactive states, secondary information

Spacing Rules

- Minimum 4mm clearance from text
- Minimum 8mm from page edges
- Aligned to baseline grid when inline

- Centred when decorative
-

12. ILLUSTRATION STANDARDS

12.1 Anatomical Illustrations

Style

Rendered in a fine-line botanical style reminiscent of 19th-century medical plates. Soft cross-hatching for depth and shadow. Clean, confident lines without clinical coldness.

Accuracy Requirements

- All anatomical landmarks verified against standard medical references
- Hijama points marked with 2mm precision
- Arabic terminology labels verified by qualified scholars
- Hadith references cross-checked with authenticated collections

Standard Elements

Every anatomical illustration includes:

1. **Numbered point markers** - Gold circles (8mm diameter) with white numerals
2. **Arabic terminology labels** - Amiri Quran, 10pt, right-aligned where appropriate
3. **Corresponding hadith reference** - Courier Prime, 8pt, below illustration
4. **Student annotation space** - 30mm right margin or 40mm bottom space
5. **Figure number and caption** - Cormorant Garamond Italic, 9pt, centred

Size Specifications

- **Full page:** 160mm wide x 220mm tall (A4 with margins)
 - **Half page:** 160mm wide x 100mm tall
 - **Inline:** 80mm wide x 60mm tall
 - **Detail inset:** 40mm x 40mm (for close-up landmarks)
-

12.2 Botanical Illustrations

Style

Scientific botanical illustration showing roots, stems, leaves, flowers, and fruit. Watercolour-inspired colour palette adapted for uncoated stock printing.

Standard Elements

Every botanical illustration includes:

1. **Latin name** - Cormorant Garamond Italic, 10pt, below illustration
2. **Arabic name** - Amiri Quran, 12pt, below Latin name

- 3. **Common name** - Cormorant Garamond, 10pt, in brackets
- 4. **Active compound highlights** - Small callout boxes with gold borders
- 5. **Preparation method icons** - Small functional icons indicating usage
- 6. **Sunnah usage context** - Brief hadith reference or citation

Size Specifications

- **Full page:** 140mm wide x 200mm tall (with text below)
- **Half page:** 140mm wide x 90mm tall
- **Collection plate:** 4-6 specimens per page, 60mm x 60mm each
- **Inline:** 40mm wide x 50mm tall

12.3 Illustration Production Workflow

- 1. **Research Phase** - Medical/anatomical reference gathering, hadith verification
- 2. **Sketch Phase** - Pencil roughs approved by subject matter expert
- 3. **Line Art Phase** - Ink or digital line work at 600dpi minimum
- 4. **Review Phase** - Anatomical accuracy check by qualified practitioner
- 5. **Colour Phase** - Watercolour or digital colour application
- 6. **Integration Phase** - Layout placement, label addition, border framing
- 7. **Final Review** - Scholar verification of Arabic text and hadith references
- 8. **Production Phase** - Colour separation, print proofing

13. COLOUR USAGE

13.1 Primary Palette

Colour Name	Hex Code	Pantone	Usage
Ink	#1a1a1a	Black 6 C	Body text, headings, primary content
Parchment	#f8f5f0	-	Page background, stock tint
Warm	#e8e0d5	-	Accent blocks, shading, secondary backgrounds
Gold	#b8860b	871 C	Foil accents, borders, icons, decorative elements

Table 12 – continued

Colour Name	Hex Code	Pantone	Usage
Green	#2d5a3f	7743 C	Headers, chapter titles, icons, spiritual elements
Cream	#fdfbf7	-	Card backgrounds, form fields, highlight boxes

13.2 Secondary Palette

Colour Name	Hex Code	Usage
Gold Light	#d4a843	Hover states, active highlights, gradient midpoints
Gold Dark	#8b6914	Shadow, depth, vintage effects
Green Light	#3d7a57	Secondary headers, success states, progress indicators
Green Dark	#1a3d2a	Borders, depth, shadow on green elements
Border	#d4c9b8	Rules, dividers, form borders, subtle separation
Muted	#8a8278	Captions, labels, secondary text, inactive states

13.3 Colour Application Rules

Text

- **Primary body:** Ink (#1a1a1a) on Parchment (#f8f5f0)
- **Headers:** Green (#2d5a3f) on Parchment (#f8f5f0)
- **Gold text:** Only for display type, never for body text (readability)
- **Muted text:** Captions, labels, secondary information
- **White text:** Only on Green or Gold backgrounds

Backgrounds

- **Parchment:** Default page background
- **Cream:** Form fields, cards, highlighted content boxes

- **Warm:** Accent blocks, quotation boxes, summary sections
- **Green:** Header bars, footer elements, spiritual sections
- **Gold:** Decorative accents only, never large areas

Borders & Rules

- **Primary:** Gold (#b8860b), 1.5pt for section dividers
- **Secondary:** Border (#d4c9b8), 0.75pt for subtle separation
- **Decorative:** Gold (#b8860b), 2pt with geometric pattern for frames
- **Form:** Border (#d4c9b8), 1pt for input fields

Icons

- **Active:** Gold (#b8860b) on Parchment (#f8f5f0)
- **Inactive:** Muted (#8a8278) on Parchment (#f8f5f0)
- **Success:** Green (#2d5a3f) on Cream (#fdfbf7)
- **Warning:** Gold Dark (#8b6914) on Warm (#e8e0d5)

14. PRINT & PRODUCTION SPECIFICATIONS

14.1 Paper Stock

Component	Weight	Finish	Colour	Notes
Body Pages	120gsm	Uncoated	Parchment tint	Acid-free, archival
Divider Pages	300gsm	Uncoated	Off-white	Blind emboss + gold foil
Cover	350gsm	Cloth-bound	Deep forest green	Gold foil blocking
Endpapers	150gsm	Textured	Cream	Reinforced hinge
Bookmark ribbon	-	Satin	Gold	15mm width, 300mm length

14.2 Binding

- **Type:** Lay-flat Swiss binding (Ota-Bind)
- **Advantage:** Opens completely flat for writing and reference
- **Durability:** Sewn sections with reinforced spine
- **Corners:** Rounded (3mm radius) for longevity and elegance
- **Closure:** Elastic band in matching green

14.3 Printing Specifications

Element	Specification
Body text	Black only, 175 lpi screening
Gold accents	Pantone 871 C, spot colour
Green headers	Pantone 7743 C, spot colour
Illustrations	CMYK + spot gold, 200 lpi
Foil blocking	Gold foil, matte finish
Blind emboss	300gsm dividers only
Inks	Soy-based, low-VOC, archival

14.4 Finishing

- **Lamination:** None (preserves tactile quality of uncoated stock)
- **Varnish:** Aqueous matte on cover only
- **Edge treatment:** Natural deckle edge optional for luxury edition
- **Packaging:** Rigid slipcase in matching green with gold foil

14.5 Sustainability

- All paper stock FSC-certified
- Soy-based inks (renewable, biodegradable)
- Local printing where possible to reduce carbon footprint
- Minimal packaging, recyclable materials
- Designed for 50+ year archival lifespan

15. APPENDIX: SAMPLE PAGE TEMPLATES

15.1 Complete Module Structure

A typical module follows this page sequence:

Page	Content	Layout
1	Divider Page	300gsm, blind emboss, gold foil
2	Chapter Opener	Full-bleed ornamental header, dua space
3-4	Learning Content	Two-column, with illustrations
5	Full-Page Illustration	Anatomical or botanical plate
6-7	Spread Layout	Theory + Practice exercise
8	Reflection Page	Hadith contemplation, dua space
9-10	Clinical Log Templates	Session record, consultation
11	Case Study	Scenario + analytical prompts
12	Exercise Page	Fill-in-blank, matching, or T/F

Table 16 – continued

Page	Content	Layout
13	Mind Map Page	Visual learning tool
14	Note Page	Free-form dot-grid
15	Revision Summary	Key concepts table
16	Checklist	Pre-clinical or module review
17	Competency Tracker	Skills assessment matrix
18-20	Flashcard Templates	Perforated revision cards

15.2 Page Numbering System

- **Front matter:** Roman numerals (i, ii, iii...)
- **Body:** Arabic numerals, continuous across modules
- **Appendices:** Letter prefix (A-1, A-2, B-1...)
- **Index:** Page references in bold for primary entries

15.3 Running Headers

- **Odd pages (right):** Module title, all caps, green, outer corner
- **Even pages (left):** Section title, all caps, green, outer corner
- **Chapter openers:** No running header
- **Divider pages:** No running header or page number

15.4 Marginalia System

- **Outer margin:** 15mm (for student notes, flags, tabs)
- **Inner margin:** 20mm (gutter allowance for binding)
- **Top margin:** 18mm (running header + 8mm clearance)
- **Bottom margin:** 22mm (page number + 10mm clearance)
- **Marginalia icons:** Small decorative elements in outer margin at key points

CLOSING STATEMENT

The Workbook as a Legacy

This workbook system is designed to be more than a course companion. It is intended as a **professional archive**, a **spiritual journal**, and a **reference library** that grows more valuable with every annotation, every clinical log, every reflection.

When a student completes their training, this workbook should contain:

- Hundreds of pages of hard-won knowledge

- Dozens of clinical session records
- Personal reflections that trace their spiritual growth
- Competency badges that validate their skill
- Case studies that document their clinical reasoning
- Notes that represent their unique intellectual journey

It should be a book they are proud to display on their clinic shelf. A book they reference throughout their career. A book they pass on to the next generation of healers.

This is not a workbook. This is a legacy.

Sunnah Remedies Academy Workbook System Design A Lifetime Companion for the Healing Arts
